The board in selecting text books for the county schools used no partiality, as from the list it appears that every book publisher was recognized. Two book dealers claim they can't handle the assortment with any profit.

G. W. Miller, formerly of Crab Orchard, with his son, Joe, are running a big ranch and farm near Bliss, Oklahoma. They raised 10,000 acres of wheat this year and used 30 binders pulled by 250 horses in harvesting, and threshed out 150,000 bushels.

Judge Williams gave a reception Wednesday evening to the teachers and friends attending the institute. Mr. and Mrs. M. C. Williams are here from Stanford. President Frost, of Berea College, is here. Rev. H. C. Payne and family, of Chicago, were here during the week. He was pastor of the Christian church at this place in 1891.

An aged Negro died suddenly, in Nicholasville, Wednesday afternoon. It was supposed he was penniless, but upon searching his room nearly a thousand dollars in gold and silver was discovered wrapped in some rags. Bank bills were also found, but had been so mutilated by mice that they were worthless.

By the connection completed at Kentucky river last Saturday this part of the State as far down as Barbourville, Williamsburg and Somerset and intermediate points can now get telephone connection with Lexington and surrounding territory over independent lines. It was through the work of the Heston company and allies that this has been accomplished.

Men as well as boys, who have a propensity for throwing stones and other missiles at the glasses or lustrotes on telephone and telegraph poles, had best take warning from the experience of Tom Naylor, a white man, and Nick Marks, a Negro of Garrard county, who smashed lustrotes some months ago on Crab Orchard and Lancaster lines. They were arrested. Naylor forfeited his bond, which his bondman had to pay \$300. Parks was tried Tuesday and given two years in the pen.

Joseph Poynter, who was crushed by a horse falling on him last Tuesday, died Saturday and was buried at Freedom Sunday. He never regained consciousness after the accident. The family has had a remarkable train of misfortunes in the past few years. One of the boys was killed while braking, one lost a foot by the train running over it, four of the children died and now the family has to mourn the father's death. Mrs. Poynter has been seriously ill for some time and was unable to go to the scene of accident some two miles in the country.

Joseph G. Hackley, of Lincoln, lately graduated at Harvard in electrical engineering, has secured a position with a firm in New York City and went to work immediately after leaving school. McCreary Frith, of Brodhead, is a boss boy cako walker. Mrs. W. T. Short, who has been seriously ill for some time, is better. Mrs. Sue Mullins was up from Livingston for several days with her sister, Mrs. Joe Poynter. The writer was over at Mr. J. T. Hackley's Saturday and Sunday last to meet Mrs. S. G. Maret and daughter, of San Antonio, Texas, whom he had not seen for 25 years.

It is of interest to know that on a level pavement a pull of 33 pounds will draw a ton, on macadam it takes 46 pounds, and on rough gravel 147 pounds.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with such ideas, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. It was bought by eight of the 15 heirs. J. S. and B. M. Britton have bought the Will Nichols farm of 160 acres, near Salvisa, at \$2,060. Moore will spend a part of next week at North Middletown with his father and mother and on the 15th will begin a meeting in Mason county. May he have as good success as he did in the one just closed.

Mr. Henager, of Wayne county, was here this week selling shares in the oil fields in that county. Some of our boys took some stock but we will not give their names until some returns come in.

Some of the colored brothers and sisters called on Sam Wade last Sunday evening to pray with his wife, who is thought to be dangerously ill, when some of the sisters got to shouting and stirred up a bumble bee's nest and the whole house was a scene of confusion until the matter was better understood.

Some of the ladies of this community have organized a peach peeling society and help each other peel their peaches, consequently a wagon goes each day to the knobs for peaches and it is said that the peaches don't fill as many cans as common. I don't see why, for so far I have heard of no restrictions as to chat.

NOTHING LIKE OIL.

"In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old-fashioned castor oil. However much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operates and a quick cure is sure to follow. For sale by Craig & Hocker.

Speaking of his address of welcome to the Knights Templar at Louisville, Sam Jones says: Col. Breckinridge's speech was a marvel of eloquence and beauty. Since Bob Ingersoll quit the platform, I think Col. Breckinridge is perhaps the finest speaker or orator on this continent.

WATER-CURE FOR CHRONIC CONSTIPATION.

Take two cups of hot water half an hour before each meal and just before going to bed, also a drink of water, hot or cold, about two hours after each meal. Take lots of outdoor exercise—walk, ride drive. Make a regular habit of this and in many cases chronic constipation may be cured without the use of any medicine. When a purgative is required take something mild and gentle like Chamberlain's Stomach and Liver Tablets. For sale by Craig & Hocker.

Is a Candidate for Railroad Commissioner for the 24 District, subject to the will of the democracy.

WHEN thieves fall out honest men may get their dues and the thieves their punishment. In a dispute over the division of the money raised in the mountains to aid in their defense for the murder of Goebel, Jim Howard and Caleb Powers, convicted of the offense, fell out and fought in the Franklin county jail. Howard got the best of it, laying Powers out with a deep gash in his forehead with a heavy ink bottle, severing an artery in the temple and rendering him senseless. Howard claims Powers cursed him and assumed a threatening attitude. Powers denies this and claims the attack was unprovoked. No one was present but J. K. Dixon, the creature who had collected the money. If the row will cause these partners in crime to tell on each other, perhaps both of their necks will snap. At any rate, there is a better chance that the truth will be told.

At the request of John Hurst, Judge Moss, of the Harlan circuit court, issued an injunction to compel the county clerk to place his name under the party device, as the republicans held no convention and he was the first candidate to file an application for the nomination, the other candidates to be placed under devices selected by the clerk. Judge Hobson, of the court of appeals, has suspended this injunction and his court will decide the question of dissolving it entirely at the September session. Mr. Hurst's contention seems untenable and he is pretty sure to lose out.

WHEN it was charged that James Andrew Scott told Yontsey's friends to get him to confess to the conspiracy to murder Goebel and thereby hang Taylor and d—n the republican party, the organs of assassination could not say too many mean things about him. They have changed their tune now that Scott has accepted the leading counsel part in the defense of James Howard. What a difference, to be sure, does it make, whose ox is gored.

RATS never deserted a sinking ship as Sapp's following in Louisville is deserting him. But few of his so-called nominees will stick, the others deciding not even so much as with thanks. By the election, it looks like there will be no one to oppose the splendid democratic ticket that has been named to fill the offices in the Falls City and that it will be elected unanimously.

It is said that Bill Yost is hoping for the republican nomination for judge, to succeed the late I. H. Goodnight. The old turncoat has been descending the plane of public contempt for several years and when he lands under the log cabin his disgrace will be complete. After all the democracy has done for him he ought to be hung by the heels till he is dead for turning his back on it.

THERE is a movement to institute impeachment proceedings in the Legislature against certain court officials in Eastern Kentucky who are protecting Berry Howard and John Powers. It should be done by all means. It is a burning disgrace to the State to permit such a state of affairs and all who are responsible for it should suffer the extreme penalty of the law.

THERE is nothing like taking time by the forelock. The Marion county democratic primary to nominate a candidate for circuit clerk has been called and fixed for April 5, 1902, although the present incumbent holds till January, 1904. The reason of the precipitancy is not given.

DR. PEYTON HOGE is out with a long explanation and apology for performing the marriage ceremony of Coal Oil Magnate Flagler, who has a wife in the asylum. As he got, it is said, a fee of \$1,000 for tying the knot, it is easy enough to invent excuses for doing so.

Ecuador has finally decided to fight Colombia.

THE office of sheriff seems to be the especial envy of the turncoat pie hunters. In Mercer, as in this county, a former democrat, who, strange to say, and to his present shame, be it said, was a confederate soldier, sought and obtained the nomination for sheriff, although he is now a deputy under a democrat. In Lincoln we have the sad spectacle of a man whom the democrats made all that he is, turning upon them and seeking to be elected sheriff on the republican ticket after having held the office as a democrat five times. Gratitude, to say nothing of principle, should have held these men in line, but these seem to be unknown qualities to bolters and turncoats. They are laying up, however, for a day of sorrow and regret, for what the democrats will do to both of them will be a plenty and a caution against such a reprehensible course as they are pursuing. We are satisfied that the entire democratic ticket will be elected in both Mercer and Lincoln and are doubly sure that the sheriffs on both tickets will read their titles clear. The democrats have it in for them and the republicans generally are suspicious of those who change their politics for the loaves and fishes and they will be taught a lesson that will give them something to cogitate upon the rest of their lives.

THE card of T. S. Burnam, who was nominated for the Legislature by the republican county convention in Madison, positively declining to make the race, falls like a wet blanket on republican enthusiasm. He is a son of State Senator Curtis F. Burnam and brother of Appellate Judge A. R. Burnam and was nominated with a view of defeating Charles L. Searcy, democrat. Hon. B. B. Klog, of this county, has not yet signified his intention of accepting nomination at the hands of Hon. M. F. North and being a wise man, he doubtless will decline with thanks. The republicans are not so cock sure of things as they used to be and have given up all hopes of electing a Legislature.

MR. BRYAN is getting reckless as he gets rich. He paid \$5 for the National Watchman Newspaper the other day, which was like burning money. Down this way he might buy two for a nickel and get the worst of it.

In a speech to laboring men at Kansas City, Mr. Bryan said that the solution of the labor problem is legislation for equal justice before the law. He held that the strike is the only weapon the laborer has at present, but it is weak and inefficient.

Ex Gov. James B. McCreary, of Richmond, whose prospects for being the next U. S. Senator from Kentucky are very bright, spent the day Friday at the Germantown fair and was the guest that night of the St. Charles Hotel, this city, en route home. The governor is looking after his political fences, but as far as Mason county is concerned, he need have no fears.—Maysville Bulletin.

It's a Long Subject,

but we're going to tell only very little about it. For thirty-six years—nearly thirty-seven—the Royal Tailors of Chicago have been telling people how to dress well, and at the same time cut the price.

But they are better dressers than they are tellers. They are not only prepared to show "The Man From Missouri," but they are every day showing the men, and young men, and boys of all America how garments can be made-to-measure—made-to-fit—made stylishly, shapely, and satisfactorily at about one-half to two-thirds as much as other tailors usually charge.

If you could be satisfied if this you would very promptly decide to

"Pay Less and Dress Better."

wouldn't you? Well, we can satisfy you. We have the exclusive local sale of Royal Tailoring. We carry the complete Royal line, and are showing over five hundred patterns in beautiful suitings, and overcoatings this season. Every reader of this paper is invited to call—in fact ought to call, and see these goods, and learn the prices.

Sinclair, of Georgetown, commander.

OIL AND GAS.—Mr. James Frye, the promoter and prospective president of the Silver's Oil & Gas Co., was here yesterday having printing done for his business. He tells us that his company is capitalized at \$3,000, which is to be used in the work or as much of it as is necessary, there being no speculative feature in it. The company has leased 300 acres of land at the mouth of Cedar Sinking Creek in Pulaski and the prospects for oil is very fine, parties in 1890 having struck it in good quantity while boring for salt. A derrick has already been purchased and a man secured to bore the well. The stockholders, principally Lincoln county gentlemen, are called to meet at Burnside next Tuesday when an organization will be effected. Mr. Frye is very enthusiastic over the prospect and is confident that he has a good thing.

THE Bastin Telephone line between Lancaster and Richmond was cut Wednesday night near Point Leavelle, and several hundred feet of wire stolen. The president of the company has offered \$100 reward for the arrest and conviction of the miscreants.

FATAALLY STRICKEN.—Capt. Will C. Curd, a lawyer and a gallant soldier of the Lost Cause, is not expected to survive. He suffered a third stroke of paralysis yesterday and is in a critical condition. Years ago he was editor of the Somerset department of this paper and did his work with great satisfaction.

NOTICE TO TAX-PAYERS.—Desiring to collect all outstanding taxes during my term of office, which expires Jan. 1, 1902, I earnestly request all taxpayers at once to pay same and save the penalty that will soon be placed on 1901 taxes and accommodate me. THE first sentence in the State under the law prohibiting the destruction of telephone property was inflicted at Lancaster Tuesday. Mack Potts, a Negro, was given two years in the penitentiary for breaking insulators on the line between that town and Crab Orchard. Thomas Naylor, a white man, forfeited his bond of \$300 rather than take the medicine promised.

STANFORD WON.—A reporter of the INTERIOR JOURNAL enjoyed the elocutionary contest at Lancaster last night and had the satisfaction of seeing the Stanford entry win the diamond ring. Miss Polly D. Traylor who recited "Woman's Rights," was declared the winner and the decision was a very popular one. Miss Myrtle Britton, of Harrodsburg, rendered "The Gypsy Flower Girl" and got the second prize, a gold watch. The management is to be congratulated on the great success of the entertainment.

SERIOUSLY HURT.—While driving down the hill this side of W. H. Murphy's Tuesday night, Mr. W. Coley Myers' horse ran away with him, kicking as he ran. Mr. Myers was struck in the head, back and face, a hole being cut through his cheek, and he is in a very serious condition at the home of his father, Lee Myers. The vehicle was irredeemably wrecked, but the horse was not badly injured. Charley Lacham, a boy, was sent for S. J. Myers, who lives in town, and his horse fell, hurting him quite painfully.

THE county board of election commissioners, composed of S. M. Owens, J. F. Rigney and J. M. Alverson, met Wednesday and organized for business by electing Mr. Alverson secretary of the board, the law making the sheriff chairman. They adjourned to meet again on the 20th to select the precinct officers for the November election and request that the two county executive committees hand in their lists for appointment by the board to the secretary by the 15th. They propose, so the secretary informs us, to select from the lists furnished the very best men for officers.

CHURCH MATTERS.

The Rev. F. C. McConnell, of Lynchburg, Va., has been elected corresponding secretary of the Baptist Home Mission Board to fill the vacancy caused by the death of Dr. F. H. Kerfoot.

An American Negro Bishop was loudly cheered in the Ecumenical Congress in London when he denounced lynching and many of the delegates from the Southern States walked out.

The Ecumenical Methodist conference began in Wesley Chapel, in London, Tuesday. Nineteen American bishops and 270 delegates will participate in the meeting. Bishop Galloway, of Jackson, Miss., preached the opening sermon.

Rev. J. W. Hagin returned from his vacation yesterday at noon, but was called back to Shelbyville this morning by the death of his uncle, Mr. A. T. Hagin, which occurred yesterday at noon. He will return, however, in time to fill his pulpit Sunday Subject: "Visions and Tasks."

The tent meeting closed Sunday night. At the afternoon services that day Rev. Andy Johnson asked that all sanctified Methodists stand up, and a goodly portion of the audience arose. He then seated them and asked all sanctified Baptists to arise, and three stood up, but when he called upon all sanctified Presbyterians to arise, not one in the vast crowd stood up. There were about 37 confessions.—Harrodsburg Democrat.

MIDDLEBURG.

Sorghum making, canning and drying fruit seems to be the order of the day.

The Mt. Salem nine and the Middleburg second team will cross bats on the grounds of the latter team Saturday afternoon.

The Casey County Fair Association declared a dividend of 15 per cent., which is very flattering considering the very inclement weather attending this year's meeting.

A protracted meeting began at the Christian church Sunday and is being conducted by Rev. Gilliam, the pastor. Large crowds attend and great interest is being taken and great good is confidently hoped for. There have already been a few additions.

Capt. Raines, the republican nominee for county judge, was in the burg Tuesday shaking hands and repairing the fences. The captain is cognizant of the fact that he has a fight on his hand, and unless present signs go for naught he is a loser.

Mr. William Stevens, wife and children, of Newton, Kas., are visiting at Dr. J. T. Wesley's. Mrs. Stevens is a niece of the doctor, being a Kentuckian by birth, but has made her home in the West since childhood. Mr. Stevens is an engineer on the Santa Fe Route, the only through line from the Golden Gate to Chicago.

The peach crop this year is the largest ever known in Casey county. The writer was in a peach orchard in the Mt. Olive neighborhood Monday consisting of 1,200 trees, all of which were heavily laden with the rich and luscious fruit. Fine large Northern fruit is now selling at 30 cents, while other peaches are going at 20 and 25c per bushel.

The centennial anniversary of the Middleburg Baptist church will be celebrated here the 4th Sunday in this month. Great preparations are being made, and a good program will be carried out. The exercises will commence Friday night, 20th, and will continue over Sunday night when a protracted meeting will begin. Great efforts are being made to have all the living ex-patriates in attendance.

Mr. Daniel Eason is visiting relatives at Lancaster. Mrs. Rice Wilson and Misses Judith Lanham and Nora Hall, of near here, have been visiting friends and relatives in Russell county the past week. Edgar Miller, who has been working for a Cincinnati marble company, came in Monday looking somewhat indisposed. Mrs. E. S. Fisher, who has been at Joseph Price Infirmary at Stanford, the past month undergoing an operation, is reported much improved and will be able to return home in a few days. G. H. Wesley is in Adair county. J. H. McWhorter, Jr., returned to Cincinnati, where he has a lucrative position with a Lead Works, instead of Marble Works, as the types made us say in last Friday's issue.

A CERTAIN CURE FOR DYSENTERY AND DIARRHOEA.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased the bottle and took two doses, one before starting and one on the route. I made the trip successfully and never felt any ill effect. Again, last summer, I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy and this time one dose cured me. For sale by Craig & Hocker.

The 2d Fall Festival will be held at Cincinnati from Sept. 16 to 23, inclusive. Tuesday, Sept. 17, has been set apart as Editors and Authors Day, and on that and the following day will be held the convention in which the leading writers of the Ohio Valley have been asked to take part. The morning sessions will be devoted to addresses and papers and the afternoons to the enjoyment of the Fall Festival and the city. In addition to the regular exhibits of the Fall Festival, special programs will be presented upon Music Hall stage each afternoon and evening of the festival. The Flower parade will be on Sept. 16, the Industrial parade on 20th, and the Night Pageant on 25th. The Q. & C. will offer especially low rates.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Roscoe's German Syrup." It not only loosens and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac for sale at Penny's Drug Store, Stanford.

State College of Kentucky.

The Agricultural and Mechanical (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post-graduate courses of study are also provided, leading each to a master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than thirty professors and instructors. COUNTY APPOINTEES receive tuition, room rent in dormitory, fuel and lights, and if they remain ten months, traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern. The last Legislature appropriated \$30,000 for a college home for young women and a drill hall and gymnasium has been provided for men. Military tactics and science are fully provided for, as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation list was 620. For catalogues, method of obtaining appointments, information regarding courses of study and terms of admission, apply to
